## COMPLETE CONFESSION WORSE AT TALLULAH.

Harry Bunkers Makes a Startling Statement in Court. That Place and Lake Providence Being Deserted

## EPISODE IS DRAMATIC BY GREAT NUMBERS

Brought From His Prison Cell, the Former State Senator Details Alleged Motives and Acts of Four Legislators. Dispatches Received at Vicksburg State That the Situation is Desplorable at Those Fever Stricken Towns.

Sacramento, Cal., Sept. 14.—Brought from his prison cell to confront his alleged associate in the hooding combine of last winter, Harry Bunkers, ex-state senator from San Francisco, has made a complete confession on the witness stand in Judge Hart's court room, where the trial of E. J. Emmons, one of the quartette of the state senate, indicted by the grand jury, was in progress. From the moment of his entry to the court room until he left it, pale and perspiring, three hours later, Bunkers was the central figure in one of the most dramatic episodes in criminal trials of this state. He left nothing untold, and in his eagerness to un-bosom himself he forestalled the objections of the defense with statements relative to the motives and acts of four legislators. Most of this was stricken from the testimony. He detailed the plan of campaign, which he says was one whereby the building and loan associations of the state were to be "held up" and compelled to pay for protection.

He told also of receiving money, the statement that Joseph Johnson had dropped his roll of \$350 in his pocket as he stood in the street, just as Jordan said he did, and had said that Emmons received his share but two minutes before. Lastly, he told of the terror and fright that followed the exposure in the senate, of a hasty conference held in Emmons' room over the disposal of the marked bills and of the suggestions that were made to clear themselves of guilt.

### KOMURA'S ILLNESS.

Dr. Pritchard Says It Is Due to the Trip Made to Boston.

New York, Sept. 14.—Speaking of the condition of Baron Komura who is ill at the Waldorf-Astoria, Dr. Pritchard, one of the physicians, said: "Baron Komura's illness is undoubtedly due to his trip to Boston. While there he spent the evening with a friend in the suburbs. When he returned he rode in an open victoria. It started to rain and the baron was drenched. He went immediately to the train and did not change his wet clothes until an hour afterward.

"The following day, the 7th, he arrived in this city and was suffering from chills. I was called in and then Dr. Brewer was summoned in consultation. On Sunday the baron's fever diminished, but on Monday it was higher. At first it was thought necessary to perform an operation, as it was feared an abscess was forming. It is now not necessary.

"The baron's condition at present is very favorable. As yet we have made no formal diagnosis as to the fever, but we are studying symptoms and his nurse every hour is taking the patient's temperature."

### ANOTHER COURSE.

Eighty-One Business Interests of Tokio Form an Organization.

Tokio, Sept. 14.—In spite of the undercurrent of indignation prevailing with all classes over the terms of peace arranged with Russia, typical business men here are following the wiser course without repining over an accomplished fact. An important organization, representing eighty-one leading business interests, has been formed under the presidency of M. Iwade, a millionaire, which aims to work for the development of home industries and foreign trade with redoubled energy. A significant feature of the organization is that it consists of the wealthy and conservative element, representing an enormous combination of capital. Its interests and energy will be principally directed toward the exploitation of trade with Korea and China. The organization is prepared to co-operate in this direction with foreign capital.

### DIFFER AS TO DEATH.

Lewis Claims Wilson Suicided, but Officers Take a Different View.

Ardmore, Sept. 14.—Newt Wilson, a Chickasaw Indian, was found dead at the home of Luxie Lewis, another Indian. Lewis claims Wilson committed suicide, but officers have a different view of the case. Wilson, Lewis and another Indian, while intoxicated, it is alleged, started Tuesday night from Mill Creek to go to Wilson's home, but instead went to Lewis'. Shortly after leaving Mill Creek several shots were fired, which officers believe caused Wilson's death, and that the suicide story was advanced by the Indians, who are alleged to have been implicated in the shooting.

### No More Horse Racing News.

New York, Sept. 14.—The board of directors of the Western Union Telegraph company approved a recommendation made on July 12, last, by the executive board that the company entirely discontinue the collection and distribution of horse racing news.

New Orleans Sept. 14.—Yellow fever report up to 6 o'clock Wednesday evening is as follows: New cases, 43; total, 2412; deaths, 4; total 323; new foci, 8; cases under treatment, 303; cases discharged, 1787.

While the fact that there was a gain Wednesday of a large number of new cases of yellow fever it did not give the authorities serious concern. The reason for the sudden jump in cases within the past four or five days has been the cause of much speculation and considerable disappointment on the part of the public. The disappointment comes largely from the fact that any increase is bound to have a discouraging effect elsewhere and therefore prolong the existence of quarantines. Various reasons for the increase are suggested, among them the fact that to physicians are now turning up cases of the slightest pretext, owing to the example that was recently made of one of their number.

The persistency with which the fever has stuck to the Port Barrow neighborhood in Ascension parish, led the state board of health to decide to establish a hospital on the outskirts of Donaldsonville.

The death of Sister Mary of St. Cecilia at the Mount Carmel asylum Wednesday calls attention to the fact that the Roman Catholic church has suffered quite severely during the present sickness. Sister Mary was the second religious to die, and besides them the church has sustained the loss of its archbishop and Father Green, one of its ablest priests here.

The appearance of yellow fever at Hamburg, on the Mississippi Valley road, threatens to tie up the country along that route. Baton Rouge, Hamburg and Vicksburg are all three in the line and all are now infected.

Two new points of infection were reported outside of the city. One is at LeCompte, in Rapides parish, and the other is Berwick, across the bay from Moran City. Dr. Chasesignale reports from Tallulah that out of forty-two blocks, thirty-six are infected, but the people have manifested new hope and have gone to work with a will.

Other country cases: Patterson, sixteen cases, one death. Alexandria, one case. Lafayette, one case. St. Elizabeth plantation, two cases. Kenner, one case. St. Rose, two cases (outside of town). Clark Cheniere, four cases. Natchez, Miss., two new cases. Gulfport, Miss., one new case, one death.

A dispatch from Vicksburg saws the Herald of that city has reported from Lake Providence and Tallulah that the yellow fever situation in those places is daily growing more serious, the disease becoming virulent. At Lake Providence Wednesday there were three deaths and seventeen new cases. During the last two days Tallulah had had four deaths and twenty-nine new cases. An effort is being made to depopulate the towns, special trains Wednesday night carrying over a hundred people from Lake Providence and almost as many more from Tallulah. At the latter place nurses are badly needed.

A telephone message received at Vicksburg from Tallulah brings news of the death from yellow fever of Miss Florence Goff, the second daughter of T. B. Goff of that city. This makes the third death in the Goff family in as many days. Mrs. Goff dying on Monday, Miss Minnie Goff, the oldest daughter, Tuesday. The same message states that the condition there is terrible and wanton in the extreme, practically all business being suspended and all who could possibly do so having gotten away. Hon. Jeff B. Snyder, one of the most prominent and hard-working citizens, was among the new cases Wednesday.

### BLOCK BURNS.

Cement, Okla., Suffers Considerable Loss by a Fire.

Cement, Okla., Sept. 14.—Fire which broke out in Odd Fellows' hall, caused by a lamp explosion, was not checked until it had consumed an entire block of business houses, resulting in pecuniary loss ranging from \$60,000 to \$100,000.

### OFFICERS CHOSEN.

Mrs. Hillerman of Cushing Was Elected as Presiding Officer.

Shawnee, Okla., Sept. 14.—Interterritorial Woman's Christian Temperance Union convention elected the following officers: President, Mrs. Abbit Hillerman, Cushing; vice president, Mrs. Alice Miller, El Reno; corresponding secretary, Mrs. Cora D. Hamblitt, Oklahoma City; recording secretary, Mrs. Rafael D. Woodrow, Pond Creek; treasurer, Mrs. Katie McWethy, Guthrie.

### Killed by Premature Blast.

Marquette, Mich., Sept. 14.—Charles Johnson and George Oliver, miners, were killed by a premature blast in the Hartford mine at Negaunee.

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - Per Month, 40c

FRIDAY, SEPTEMBER 15.

The state of Chihuahua, Mexico, has produced a wheat crop of 1,120,000 bushels, showing an increase of 100 per cent. The development of Mexico is going forward rapidly.

A red rise of eight or ten feet from the head waters of the Brazos has passed Waco. The mineral substances in the water made the fish sick and many, including large catfish, were caught.

An immense inland sea has appeared in a declivity in the desert region of Southern California, its location being below sea level. Scientists hold the opinion that the water which is salt, comes from the Pacific ocean. The appearance of the water, which is still rising, has caused the Southern Pacific railroad to remove the track to higher ground.

### LITTLE ELIZABETH FOUNTAIN.

Dr. and Mrs. H. L. Fountain have the deep sympathy of the people of Bryan in the loss of their sweet little daughter, Mary Elizabeth, who died yesterday morning at 10:10 o'clock, after several days' illness, at the age of 1 year, 1 month and 28 days. The little one rallied Wednesday from the attack so much that hopes for her recovery were cherished, only to be blasted in a few short hours. All that medical skill and loving care could do was done for the little one without avail. The darkened home is bereft of its sunshine and hearts are aching for the touch of baby fingers now cold in death, but the sweet young life has gone to God who gave it and with beckoning hands has joined the innumerable heavenly host.

The funeral service will be held at the family residence this morning at 10 o'clock.

### DISTRICT COURT MATTERS.

Verdicts for Defendants in Bonneville Deed Suit—Grand Jury Reports.

In the district court yesterday in the suit of Marcelane Bonneville vs. Octavia Dum et al, to set aside and cancel deed, the jury rendered a verdict for the defendants, Mrs. Octavia Dum, Mrs. Blanche Hall and Mrs. O. P. Buchanan, daughters of the late Mrs. Zelia Bouneville. The suit involved property of the Bonneville estate in Bryan and vicinity, amounting to several thousand dollars.

Other orders in civil cases have been made as follows:

C. W. Hahl & Co. vs. E. S. Wickes, suit for damages; reset for Oct. 5.

Sam Hubbard vs. Julia Hubbard, divorce granted.

John Jenkins vs. Dina Jenkins, divorce granted.

Dock Houston vs. Liza Houston, divorce granted.

John Polk vs. Mary Polk, divorce granted.

The case of Jack Turner vs. Caroline Turner, suit for partition, was taken up yesterday afternoon and passed.

The grand jury adjourned until Monday yesterday afternoon, reporting thirteen felonies and nine misdemeanors. Including four felonies formerly reported, this makes seventeen felonies and nine misdemeanors reported to date this term.

### De LaMUERTE-HALL.

At the bride's home in this city last night Mr. B. S. de LaMuerte and Mrs. Blanche Hall were united in marriage by Justice W. Gilie Mitchell. The wedding was quietly solemnized with only relatives and a few intimate friends present. Mr. de LaMuerte has been in Bryan for some time, but resides in California, where they will make their home.

The bride was reared in Bryan, and many friends unite in wishing for her and her husband abundant happiness. They will remain in Bryan several days.

### PARKER-MUNFORD.

Popular Bryan Teacher Weds in Luling.

Luling Tex., Sept. 13.—Miss Ella Munford of this city was married yesterday morning at 11 o'clock to Prof. T. W. Parker of Bryan, Texas. They left for Bryan, their future home, yesterday evening. The bride was a very popular young lady of Luling and she has a host of friends who wish her happiness in her new home. —Galveston News.

Prof. Parker and bride arrived from Luling yesterday and are stopping with Mr. and Mrs. M. Parker. Relatives and friends in this city will give them a hearty welcome. Prof. Parker has resided for a year in Bryan and by his gentlemanly bearing has won the esteem and confidence of the Bryan people. He is an efficient teacher in the Bryan Graded schools and principal of the West Side School.

### ALBERT TAYLOR STOCK CO.

The opening attraction at the Grand opera house will not be "Black Patti," as heretofore announced in the Eagle, but will be a splendid production by the Albert Taylor stock company, secured yesterday, and coming next Monday evening, Sept. 18. This is the company that has been playing in Galveston several weeks and giving such excellent satisfaction. The company's bill here will be "The Country Lawyer." Seats are now on sale at Haswell's.

The Black Patti show will fill the date advertised, Sept. 19, but will not be the opening attraction.

### WORK ON THE ORIENT.

Sheriff Walton of Alpine had the pleasure of hearing the whistle of the locomotives on the new Kansas City, Mexico & Orient railroad at Sweetwater. Trains are now running about thirty miles north from that place, and the grading southward toward San Angelo is being pushed forward as fast as men and money can do it. The graders are now from twenty to thirty miles south of Sweetwater. People up there laugh at anybody mentioning the road stopping there or running west on the T. & P. track. Everybody says it is coming to Alpine sure.—Alpine Avalanche.

### SOME IMPROVEMENT.

Country Situation Was Considered Better on Thursday.

New Orleans, Sept. 14.—With a stop in the progress to depopulate both Tallulah and Lake Providence, and with an ample fever force now at work at both places, the country situation showed some improvement Thursday, as yellow fever advices from other sections presented no aggravation of conditions. Out of forty squares at Tallulah thirty-six are infected, many victims being people of prominence and some being desperately ill. Former Naval Officer Snyder is among the late cases. Six outside doctors and four nurses, including four Sisters of Mercy from Vicksburg, are on the scene, but Dr. Chassaing, who is in charge, has asked for able bodied immunes for sanitary work.

Dr. Weaver sends encouraging reports from Strose and Pecan Grove, two of the worst nests of infection. There are no new cases or deaths at either place and residents are now obeying the rules made for their benefit. At Patterson twenty-two patients remain in the hospital.

The first suicide due to yellow fever has been reported, Antonio Conoelo, an Italian, was attacked by the disease. In his delirium he got out of bed and secured a revolver and blew his brains out. He leaves a widow and two little children.

Among the victims of yellow fever is Arthur Wilson, the principal state witness in the brutal murder that grew out of the cistern screening ordinance early in the campaign. Wilson is the only man who saw the killing of John Condon by Austin Maloney. He died in the emergency hospital.

Shreveport, which has been the worst sufferer in the state in a business way as a result of the fever, all trains having been cut off, is making energetic efforts to reopen communication with the outside world.

### Death at Pensacola.

Pensacola, Fla., Sept. 14.—H. B. Brooks, a guest at the Park hotel, who has been sick for three days, is dead of yellow fever.

### QUESTION REFERRED.

Alternative of Fighting General Strike or Signing Agreement.

Chicago, Sept. 14.—The alternative of fighting a general strike of printers or signing an agreement to grant the Typographical union's demand for an eight-hour day and closed shop conditions, beginning Jan. 1, has been referred to every local book and job office already involved. Each chairman, who is the union's representative in the office where he is employed, is armed with authority to call the printers out immediately if the demand is refused.

### AGAINST PRINTERS.

Employers' Association Offers Bonus For Newspaper Compositors.

Niagara Falls, N. Y., Sept. 14.—At a meeting of the Employers' association at Niagara Falls, representing \$30,000,000 invested in capital, it was resolved to stand by the newspaper publishers of this city in their fight against the striking printers. A liberal bonus is offered by the association to printers who work for newspapers.

### Forty-Five Out.

New Haven, Conn., Sept. 14.—Forty-five printers who have been employed at various book and job printing establishments in this city are out on a strike on account of refusal by master printers to grant union demand for an eight-hour working day and increase in piece work price from 37½ cents per 1000 ems to 40 cents. Five firms are affected.

### Agreed to at Houston.

Houston, Sept. 14.—A majority of the Houston employing printers and Typographical union signed the eight-hour contract, effective Jan. 1. The scale matter was deferred until after Jan. 1, when it will be arbitrated by a board, to be composed of two from each side, they to select the fifth member.

### REPORT OF SHONTS.

No Further Action on Hudgins and Dumas Charges to Be Had.

New York, Sept. 14.—The president has received from Chairman Shonts of the Panama canal commission the special report of the investigation into charges of irregularities in granting \$50,000,000 commissary concession made by Hudgins and Dumas, of New York, according to a dispatch from Oyster Bay.

The report, which was ordered by the president last week, came to Sagamore Hill by a special messenger from Shonts' home in Connecticut. The messenger remained at Oyster Bay until a reply was received from the president. It is understood Chairman Shonts' report on granting the concession is satisfactory and the president will take no further action on the Hudgins and Dumas charges.

### More Cholera.

Maarlenwerder, Sept. 14.—Three new cholera cases, three suspected cases and one death were reported to-day (Thursday). Bromberg reports two new cases and one death. There are nine more cases and two deaths here.

### Nearly Wiped Out.

Cement, Okla., Sept. 14.—The total loss of the fire here will reach \$50,000. Nearly the entire business portion was wiped out. Insurance is less than half of loss.

### Claim For Immense Sum.

New York, Sept. 14.—William Waldorf Astoria has filed a claim against the city for \$1,000,000, asserting his property has been damaged by changing grades.

#### FARMERS' UNION.

President Urges Meetings to Work for Eleven Cents.

Greenville, Texas, Sept. 13.—A few days ago I issued a circular letter to all state organizations of the Farmers' Union recommending 11 cents per pound as a minimum price for this season's crop of cotton. I have heard from Georgia, Louisiana, Alabama, Arkansas, North Carolina and Oklahoma state unions, and they all agree that 11 cents is a fair minimum price, and that if deterioration of the crop continues for any considerable length of time prices should be even higher.

In view of the fact that efforts are being made daily to depress the prices, I call upon all cotton growers throughout Texas and the entire South, whether union men or not, to meet at your county seat on Saturday, September 23, and ratify the action of your state officials and discuss the cotton question generally, to the end that you may be successful in this great fight against the bears, who are making every effort to rob labor of its reward. Meet, agree on a minimum price of 11 cents and stand by it, and success will crown your efforts. Remember the date is September 23. Yours truly,  
E. A. Calvin,  
President State Union.

Marriage licenses have been issued to Ed Hill and Rachel Counter, Jeff Williams and Rosa Searcy, Frank Barnes and Miss Lillie LaSalle, B. S. de LaMuerie and Mrs. Blanche Hall.

#### VISITS HUNTSVILLE.

Governor Lanham Pleased With Penitentiary System There.

Austin, Sept. 14.—Governor Lanham has returned from Huntsville, where he attended at meeting of the penitentiary board. This was his first visit to the penitentiary since he has been governor. He expressed himself as well pleased with the penitentiary system.

The emergency rate on dry goods from Galveston to Texas common point territory, promulgated Tuesday and to be effective at noon Friday, thus far has been objected to by only one railroad official—E. L. Sargent of the Texas and Pacific. He wired asking that his road be exempt from the order.

State Health Officer Tabor went to San Antonio to confer with fair officials regarding the holding of the San Antonio fair. It was to have been held in October, but was postponed to November, and now it is to be determined when it can be held.

Judge M. B. Hamilton of Waxahachie says that the charter of the interurban line between Dallas and Sherman, a distance of sixty-two miles, will be filed shortly. He is here conferring with the railroad commission as to what law it shall be incorporated under. Survey of the proposed line has been completed.

#### ROBBED MONTHLY.

Employees of Interborough Company Said to Have Taken Many Tickets.

New York, Sept. 14.—Employees of the Interborough company, it was announced in a local police court, have been robbing the company of \$10,000 a month. The thefts have been confined to "L" tickets, and effected by partnership of sellers and choppers.

Detectives of the company discovered inside of the glass compartment of the chopping box was made wet, and the tickets which stuck there were taken out by means of a steel rod with chewing gum fastened to the end. The extracted tickets were then disposed of through ticket sellers. Two detectives allege they caught a ticket chopper in the act of removing tickets in this fashion. He was arrested and held for examination.

#### LIGHTNING'S WORK.

Four Men Killed, Six Seriously Hurt and a Dozen Stunned.

Indianola, Ia., Sept. 14.—Four men were killed, six seriously injured and a dozen more stunned by a bolt of lightning, which wrecked a crowded poultry exhibition tent at the county fair here. The tent was crowded by people who had gone into it to escape the rain.

#### FLAG RETURNED.

Shot-Pierced Confederate Banner Sent to Original Owners.

Chicago, Sept. 14.—An old, shot-pierced Confederate flag, one of the last in the state of Illinois, was taken from the walls of Memorial hall and formally returned to the Thirteenth regiment of Virginia Volunteers. The flag was captured at the battle of Pooleville, in 1862, by the Eighth Illinois regiment, and was brought to Chicago. At a meeting of the United Confederate Veterans, Camp 8, it was voted that the old flag be returned to the remnant of the regiment from which it was taken during the Civil war.

## DISAVOW ANY DESIRE.

Intentions of Sweden Are Asserted to Be Wholly Peaceable.

Stockholm, Sept. 14.—Political circles disavow any desire on the part of Sweden to propose the arbitration treaty demanded by Norway, but they point out that only preliminary negotiations in regard to the form and con-

THE SWEDISH CROWN PRINCE AS KNIGHT OF THE GARTER.

tents of such treaty can be discussed at present, as the conclusion of the treaty is impossible until Norway has accepted Sweden's conditions and the latter recognized Norway as an independent sovereign state. Swedish intentions are declared wholly pacific.

## AGAINST NINETEEN.

All Book and Job Printing Offices at Chicago Will Be Asked to Sign.

Chicago, Sept. 14.—A general strike of printers in Chicago, which will be part of a similar move throughout the country, will be called against all book and job printing firms that refuse to sign the union agreement providing for an eight-hour day. Three hundred Chicago concerns, employing 2000 printers, will be asked to grant the union demands. A strike is on at present against nineteen of the thirty-seven firms belonging to the Chicago Typographical union and it involves 450 members of the union. All the remaining firms either have agreed to install the eight-hour day January 1, next, or have promised to hold aloof from the fight being waged between the union and the typothetae.

## STRIKE AT DALLAS.

Nine Printing Offices and About Forty-Five Compositors Involved.

Dallas, Sept. 14.—As the result of the refusal of nine printing offices to sign the eight-hour agreement of the International Typographical union, all the compositors, some forty-five, employed in those institutions, walked out. All the newspaper offices are not affected, they having worked eight hours a long time.

## Voted Against Demand.

St. Louis, Sept. 14.—After a session lasting seven hours, the St. Louis Typothetae voted against the eight-hour day proposition, thus bringing to a crisis the controversy between the employers and the local job printers. Following this act the executive committee of Typographical union No. 8 began calling out its members and it is expected that the strike will be general. Total number of printers involved is estimated at 900.

## SALMON PRAISED.

Dr. M. Hankins of Texas Has Been Elected President.

Guthrie, Sept. 14.—International Association of Livestock Sanitary Boards adopted a resolution by which the association fully recognizes the efficient service and benefit to the livestock industry accomplished by the freight bureau of animal industry under the able direction of D. E. Salmon, as chief of the bureau of the organization to the present time, and sincerely regrets that he has seen fit to tender his resignation.

The committee on line and open season regarding quarantine, the report of which has usually been adopted as a basis of regulation by the department of agriculture, recommended placing above quarantine Fisher, Scurry and Crane counties in Texas, Roger Mills and Washington counties in Oklahoma, and Surrey, Alexander, Davie, Iredell and Rowan counties of North Carolina.

The following officers were elected: Dr. M. Hankins of Texas, president; Dr. Tait Butler of North Carolina, vice president; Dr. S. H. Ward of Minnesota, secretary-treasurer.

Springfield, Ill., was chosen as the meeting place for the convention in 1906.

## Fined For Cigarette Selling.

Guthrie, Sept. 14.—Officials throughout the territory are enforcing the cigarette law, which prohibits even the bringing of cigarettes to Oklahoma. At Chandler F. W. ## Woman Burned to Death.

Memphis, Sept. 14.—A woman who registered as Mrs. Brown at Miller's hotel was burned to death in a fire which destroyed that building. Strenuous efforts were made to rescue the woman but she was apparently crazed by fright and successfully resisted all attempts to take her from her room.

## Three Fresh Shocks.

Rome, Sept. 14.—Three fresh shocks of earthquake have caused considerable damage at Cozenza. The law courts at Catanzaro threaten to collapse and the lawyers refuse to enter the building.

## TRACTION SALE.

More Than One Million Dollars Has Been Paid For the Line.

Springfield, O., Sept. 14.—More than \$1,000,000 was paid Cleveland people Wednesday, when the Northern Texas Traction company was sold by the owners to Stone & Webster of Boston.

The purchasers paid \$75 per share for the majority of stock they purchased and agreed to take all that was offered at the same price by the minority stockholders who cared to go into the sale.

The deal is the most profitable sale ever negotiated by Ohio traction men. The sale was negotiated by George T. Bishop and John Sherwin, who have been foremost figures in the enterprise from the time of the formation of the company. The company owns a traction line from Dallas to Fort Worth, Tex. It also owns the city lines in Fort Worth and an independent line for entrance to Dallas. It was the first suburban traction line built in Texas along modern lines and well operated. It has been a phenomenal money maker and is now showing an increase of about 20 per cent per year in earnings.

The company has a capital stock issue of \$2,500,000, all of which is issued. It has a bond issue of the same amount, of which there are \$315,000 held in the treasury for improvements.

The real profit from the enterprise is \$1,500,000 on the first lot of the stock put out, and \$250,000 on the last \$500,000. Of this indicated profit of \$1,750,000 there will be more than \$1,000,000 that will come to the original stockholders, who are Ohio people, and who have not parted with their original certificates, received when the stock was issued.

In addition to this profit, the original subscribers to the bonds have sold their securities at a fair profit since the price went above 90, which was the underwriting figure.

## No Consolidation.

Dallas, Sept. 14.—A telegram from Stone & Webster of Boston states they have purchased a controlling interest in the Northern Texas Traction company, but there will be no consolidation with Dallas street car lines.

## HIS OWN UNCLE.

Young Man at Groesbeck Marries His Aunt-in-Law.

Groesbeck, Tex., Sept. 14.—Judge Kimbell suspended county court a short while to perform a rather unique marriage ceremony. The contracting parties were Sidney Brown, aged twenty-three, and Mrs. Ellen E. Brown, aged thirty, his aunt-in-law, she being his deceased uncle's wife. The ceremony was performed in the county court room, which was crowded.

## WHY?

The reason One Minute Cough Cure relieves a cough in one minute, is because it acts first on the mucous membrane right where the cough troubles—in the throat or deep-seated in the lungs, destroying the microbes or cough germs and clearing the passages, and promotes unobstructed breathing. Causes the blood to receive its natural supply of oxygen, thus exhilarating the pulmonary organs with such strength and vigor that the lungs and trachea tubes become bulwarks against the invasion of disease. Asthma, Bronchitis, La Grippe, Croup, the Lungs and all Pulmonary Complaints that are curable are quickly cured by the use of
